

KIGUMI

Revealing the Carpentry Behind the Wood Joint

Please place a check mark at the box below that apply to you .

To prevent the spread of new coronavirus infections, I will observe the precautions for entry.

※Do not enter the Museum if you have a fever, cough, or other symptoms of illness.

※All visitors and staff are subject to a temperature screening upon entry. Anyone with a temperature of 37.5°C (99.5°F) or higher will not be allowed in the Museum.

※Wear a mask during your visit.

※Sanitize your hands prior to viewing the exhibitions using the alcohol spray provided or by washing them with soap and water in a restroom.

※Please keep a distance from other visitors of at least 2 meter.

※Keep conversation to a minimum when inside the exhibition galleries.

※Do not to touch the exhibition objects, cases, equipment, or walls.

※Please keep a record of the date and time you visited the Museum. If anyone at the Museum tests positive for the novel coronavirus, the Museum will post this information on the TCTM website. Please check the website periodically following your visit and contact your local health authorities if you discover a positive case was detected when you were at the Museum.

I'm wearing a mask.

There is no medical examination due to fever for 14 days.

Today's body temperature (° c)

I agree for the treatment of my personal data

Personal information will only be provided to medical facilities in case there is a suspicion that an infectious disease will occur at this venue.
