

Please note

1. Do not enter the Museum if you have a fever, cough, or other symptoms of illness.
 2. Wear a mask during your visit.
 3. Visitors are subject to a temperature screening upon entry.
Anyone with a temperature of 99.5°F or higher will not be allowed in the Museum.
 4. Sanitize your hands prior to viewing the exhibitions using the alcohol spray provided or by washing them with soap and water in a restroom.
 5. Please keep a distance from other visitors of at least 2 meters.
 6. Keep conversation to a minimum when inside the exhibition galleries.
Do not touch the exhibition objects, cases, equipment, or walls.
 7. Reduced the number of seats in the lounge.
 8. Resumed some woodworking room events, but they must be applied in advance.
- ※ Please keep a record of the date and time you visited the Museum. If anyone at the Museum tests positive for the novel coronavirus, the Museum will post this information on the TCTM website.
- Please check the website periodically following your visit and contact your local health authorities if you discover a positive case was detected when you were at the Museum.
